Nurul Aina Rahman

Customer service team lead, telco, 5 years

Johor Bahru, Johor · nurul.aina@example.com · +60 13-000 4404

Synthetic sample CV – invented person for the SDC Hackathon 2026 demo.

Summary

Customer service team lead with 5 years in a telco contact centre. Leads a team of 8 agents and works closely with the product team on customer complaints. Wants to move into product or customer-experience work as chatbots take over routine calls.

Experience

- Customer Service Team Lead, TeleNusa Berhad contact centre, Johor Bahru. 2023 – present.
- Team lead for 8 call centre agents handling about 1,200 customer service calls a week.
- Responsible for weekly KPI reports in Excel and coaching agents with low satisfaction scores.
- Worked with the product team to redesign the bill-dispute process; complaints about it fell noticeably in 3 months.
- Tested the new AI chatbot before launch and wrote the list of questions it answered wrongly.
- Customer Service Agent, TeleNusa Berhad, 2021 – 2023. Helpdesk support for mobile and broadband customers.

Education

- Diploma in Mass Communication, Universiti Teknologi MARA (UiTM), 2017 – 2020.

Skills

- Customer service, coaching and mentoring, Excel reporting, call centre systems, communication, problem solving.
- Basic Power BI dashboard building (self-taught).

Certifications

- Customer Experience (CX) Fundamentals, online, 2024.

Languages

- Bahasa Melayu (native), English (fluent).

Activities

- Organised the contact centre's yearly charity run (2024, 2025).
